WHO WE ARE

Police Care UK is a leading national police charity. We provide specialist trauma and mental health support to current and former police, and their families, who have suffered physical and psychological harm in their policing role. We support the entire Police Family, including officers, staff and volunteers.

WE DO THIS BY

Providing practical, emotional and financial help, which is confidential, independent and free to access.

Our Vision is to ensure the welfare needs of the Police Family are upheld and members are supported to achieve their full potential.

WHY YOUR GIFT IS IMPORTANT

A Gift from you means...

- Enable police and their families to recover and rebuild their lives.
- We can ensure everyone is aware of the harm experienced in UK policing – we share our expertise, experience and resources with others as collaboration is the only way we can improve the lives of our beneficiaries.
- Thanks to people like you, we were able to get 93% of those we helped last year back to work.*
